A motion was made by David Pisha to approve the minutes as amended. Seconded by Kelly Arrison. The motion passed.

2. Review Wayfinding Plan:

The committee reviewed the larger prints that were forwarded by SE Group. The majority of the committee agreed to move forward with the Essex Green that was shown verses the slate blue. The lettering will be cream. It was the opinion that the green is more of a traditional color.

David Pisha stated that he has spoken with the Chairman of the Traffic Information Council regarding the use of the terms “shop, dine, stay” instead of “visitor information”. He indicated that the chairman is doing some research on the wording and will report back to David as soon as he knows more.
