This application shall be submitted to the Zoning Administrator with a **sketch or plan** showing the boundaries of the lot, the distance from the proposed new construction to each boundary, and the dimensions of the new construction together with its position on the lot in relation to existing buildings and driveways.

No construction for residential or commercial purposes may take place under a zoning permit until a state wastewater and potable water supply permit is issued or in place.

Any structure or addition which will be heated or cooled must comply with Vermont's Residential Building Energy Standards (RBES) or Commercial Building Energy Standards (CBES). The builder or general contractor shall complete and sign a RBES or CBES certificate certifying that the structure or addition complies with this code. A certificate is not required for unheated outbuildings or camps.

The undersigned authorizes the Zoning Administrator access, at reasonable times, to the property covered by this application, for the purposes of reviewing the application and ascertaining compliance with any permit issued.
