

473 Clemons Rd.  
Chester, VT 05143

July 4, 2023

To the DRB Board,

I am a resident of Clemons Rd. in Gassetts, Chester, Vt. I live 1/2 mile from Routes 10 & 103, and have been here 60 years.

The noise from Julian Enterprise mining operations has been increasing since 2019. On days of low cloud cover or rain their banging and hammering resonates right up this valley. This has been increasing year after year. The constant banging and pounding on the ledge gets to me when it's repetitive.

I am also appalled at the effluent that they have been discharging into the Great Brook! Why has this been going on so long? Thank you.

Sincerely,

Roberta Alexander
