The following ten or more voters and/or real property owners in Chester and/or in any town which adjoins Chester, hereby petition the Chester Development Review Board pursuant to 24 VSA § 4465 and Zoning Ordinance § 712 to participate as interested persons in the DRB's proceedings on the applications by Julian Materials for conditional use permits for land uses at its North Quarry, South Quarry and Chandler Road sites, on Route 103 and on Chandler Road. We believe that the permits requested, if granted, would not be in accord with the policies, purposes or terms of the Chester Town Plan and the Chester zoning regulations. The undersigned designate Leslie Thorsen as their representative.
