Re: Julian Brothers, LLC/Allstone Withdrawal of Application for Conditional Use Approval

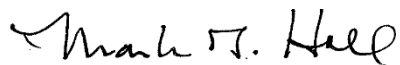

Dear Chair:

On behalf of Julian Brothers, LLC/Allstone, I have been asked to withdraw the pending application for conditional use approval of its stone quarries in Chester, Vermont. Much of what was originally proposed is no longer part of the plans, and, during this proceeding, it has heard and considered the comments of neighbors, which has caused it to re-think how it wishes to operate. It does not feel its plans have solidified sufficiently to continue pursuit of the pending application, so the application is being withdrawn.

Please contact me with any questions or concerns.

Cordially yours,

PAUL FRANK + COLLINS P.C.

Mark Hall
